FOLDING

- ✔ Screw in, removable padeyes allow the block and padeye to be easily removed when not in use.
- ✔ Integral threaded plug in removable padeyes prevents grit from entering the threaded socket when the padeye is removed.
- ✔ Folding padeyes provide a low profile solution with the eye pivoting upright when required for use.
- ✔ Removable screw-in padeyes are ideal for attaching blocks which may be removed when not in use or while cruising. A threaded plug remains in the base section when the top plate is removed to prevent dirt and grit from entering the threads.
- ✔ Hand-polished finish.
- ✔ Grade 316 stainless steel.
