**CL800 RED & CL810 BLACK SMOCK TOP
PERFECT SOLUTION**

The Regatta Smock Top's premium technical fabrics, practical design and smart-fit features meet the demands of today's casual and competitive sailors alike. Layered in combination with the Ronstan Thermal Top or Ronstan Rashie and you're set for whatever the day throws at you.

- 1 Extreme Waterproof Capability**
Featuring Ronstan's improved and highly waterproof R-Tech10 fabric - exceeding the demands of today's competitive sailors.
- 2 High-Ingress Protection**
Front neck opening with internal gusset and neck closure tab keeps water out and wearer dry.
- 3 Breathable Comfort**
Triple layered fabric with taped inner shell provides wearer with a comfortable, breathable fit.
- 4 Snug-flex Fit**
Neoprene waist band, stretch cuffs and neck seals with hook-and-loop adjustments, ensures a warm, snug fit and non-slip finish reduces ride-up.
- ✓ PFD-Ready**
Designed to be worn under PFD, the athletic cut makes for a closer fit, while still providing freedom of movement and zipped pockets are accessible, with or without a PFD on.
- ✓ Easy Access**
Side access breast pocket with water resistant zip provides easy access; even when wearing a PFD.
- ✓ Available Sizes**
Adult XS - XXL; Junior: J10, J12

Analogue watches water resistant to 10ATM / 100m / 300ft

Mast mounting option

CLEARSTART™ WATCHES

INNOVATIVE RACE FUNCTIONS WITH BOLD STYLING

The Clearstart™ Watch range combines contemporary styling with true sailing functionality. Featuring large buttons, easy to read displays and advanced, intuitive programming, Clearstart™ Timer and Watches are specifically designed with the racing sailor in mind. Developed in collaboration with some of the world's top sailors, they set the standard on and off the water. If you're looking for that competitive edge, the difference is Clearstart™.

Big, Quick-View Displays

The digital Clearstart™ range features oversized digit displays for quick & easy viewing so that you never have to take your hand off the helm.

Water & Shock Resistant

Designed to survive the rigours of competitive sailing, digital Clearstart™ Watches and Timer are water resistant, rated at 5ATM and are highly shock-resistant. The Analogue Clearstart™ watch is also water resistant, rated to 10ATM with a hard mineral crystal lens.

DIGITAL WATCH & TIMER FUNCTIONS

Pre-programmed Race Sequence Sounds

ClearStart™ sound signals let you know exactly where you are in the start sequence without looking at the display. Pre-programmed with World Sailing 5-4-1-0 and match-racing start sequences, users can also program ClearStart™ for other count down sequences.

End of Sequence – Count Down or Count Up

Depending on the user's preference, the ClearStart™ can be set up to repeat the count down at the end of the sequence for general recall restarts, or to start counting up, to track elapsed time.

Multi-Line Display with Real-Time

No need to switch between 'count down' and 'time' modes because the actual current time is displayed below the count down time on the multi-line ClearStart™ display.

Daily Life Functionality

From waking up to working out, a ClearStart™ watch is also great for everyday activities. Standard modes include 12 or 24-hour time format, date in day/month or month/day format, daily alarm and chronograph stop watch.

Luminescent Backlight

Bright, full-face electroluminescent backlighting is easy to read at night and can be turned on temporarily for a quick view.
